"CRONACA SOVVERSIVA" PLANT IS RAIDED

Barber and Music Teacher Arrested on
Charge of Circulating Gallian's
Paper—Latter Awaiting
Deportation.

Lynn, Mass., Sept. 5.—Joseph Vasile, a barber, and Edward M. Girardi, a music teacher, were arrested here yesterday morning on a charge of violating the trading with the enemy act. They were brought to Boston and United States Commissioner Hayes held them in \$1,000 bonds each for a hearing. Vasile, who lives at 61 Hollingsworth street, was arrested in his barber shop, and Girardi, whose home is at 82 Lawton avenue, was taken at his studio, 90 Market street. The arrests were made by United States Deputy Marshal Scully.
The plant of the newspaper, "Cronaca Sovversiva," at 82 Oxford street, was raided Monday night by secret service men, who cleaned out everything, including equipment. A postoffice box also was opened and a quantity of mail addressed to the newspaper seized.
The newspaper is one formerly issued by Luigi Galliani and others, for which they were prosecuted. Galliani is on bail pending the carrying out of an order of deportation at the immigration quarters. Across the first page of one issue of the paper in Italian is "Three Cheers for Anarchy." The article is a bitter arraignment of the United States for prosecuting the war, and advice is given in the course of it as to what attitude readers of the paper and members of the I. W. W. should take against the government.
It is claimed that the publishers of the paper failed to comply with the law providing that a complete translation of everything appearing in the paper be furnished the postoffice department.
Vasile and Girardi were said to be looking after the financial end of the publication.

PRICE ON AMERICANS.
German Division Commander Offers 400 Marks for Prisoners.

With the American Army in Lorraine, Sept. 5.—(By the Associated Press.)—Orders captured by American troops in the Toul sector and signed by the commander of a German division offers a reward of 400 marks to the German soldier bringing in the first American prisoner. The German commander is apparently unusually anxious, for in an order he threatens to send an entire regiment out on parole if it continues to fail to produce an American prisoner.

GUISCARD TAKEN IN BIG ADVANCE

French Moved Ahead from
Four to Seven Miles on
Wednesday Afternoon

DISARRANGING PLANS
FOR GERMAN RETREAT

Gen. Humbert's Men Broke
Enemy Resistance After
Much Pressure

With the French Army in France, Wednesday, Sept. 4.—(By the Associated Press.)—10 p. m.—Guiscard, north of Noyon, was captured by the French this afternoon, following general advance of from four to seven miles from Mont St. Simon to the Canal du Nord. French cavalry advanced this afternoon from Babouf to the region of Mondescourt, on the Noyon-Chauny road and midway between the two towns while Maucourt, southeast of Guiscard, was occupied this evening.

Officers taken prisoner in the wood between these points had received orders to retreat to Bechaincourt, northeast of Chauny. There are indications that the Germans proposed retreating from this part of the line to the line of Berlan-court-Tam-Sancourt. The speed of the French advance, however, is deranging the schedule for retirement so much that possibly the enemy will not find leisure to stop at Ham.

The maneuver which forced the retirement of the enemy over the front of Mont St. Simon and the Canal du Nord began Tuesday morning.

Overcoming the resistance of the Germans foot by foot, General Humbert's men broke the line and to-day forged ahead rapidly, the advance at 3 o'clock being from four to seven miles. Guiscard fell into their hands this afternoon.

The first army in the meantime, took Libermont, Freniches and Fretoy-le-Chateau southwest of Ham.

General Mangin's men also made further gains north of the Ailette, crossed the Vesle at numerous points and forced a passage of the Aisne at Baisa farm between Venizel and Misy.

Many prisoners were taken during these operations besides three- and four-inch cannon and a great quantity of material. Jusey-LaFere and other towns behind the German lines are reported in flames to-night.

WOMEN PLANNING CAMPAIGN. For Aiding the Fourth Liberty Loan Drive in Vermont.

St. Albans, Sept. 5.—Arrangements are under way for a conference of county chairmen of the women's committees in the fourth Liberty loan campaign to be held in Rutland, probably within two weeks. The county publicity chairmen will also meet in the conference which will be held with Mrs. Edward C. Smith of this city, state chairman of the women's campaign, and it is expected that Mrs. Myra B. Lord of Boston, publicity director of the campaign for New England, will be present to address the workers. The conference is held for the benefit of the chairmen residing in the southern section of the state and will be similar to one which was held with Mrs. Smith at her home here Tuesday.

Attending the meeting Tuesday were Mrs. F. L. Higginson of Boston, federal reserve chairman for New England of the women's committee; Mrs. C. S. Hurd, Mrs. Higginson's executive secretary; Mrs. Lord, publicity director; E. R. Morse of Proctor, state chairman of the men's campaign in Vermont, and Miss Lena E. Hamilton of this city, state publicity chairman. Mr. Morse addressed the women briefly, outlining somewhat his plan for working in co-operation with the women in their campaign, and said he hoped for a short, sharp drive. Mr. Higginson spoke on the plan for the women's New England campaign, which is to be one of absolute co-operation with that of the men, although the committees are entirely separate. House-to-house canvassing will be an important feature, as in the third loan. Each loan is more and more one of patriotism, thrift and saving, said Mrs. Higginson, and people are coming more and more to realize that a loan is not voluntary but necessary. The personal issue is to be strong.

Mrs. Lord spoke of the titling-box campaign, saying that the idea is to reach people who have to think in small amounts. This is a war of the people, by the people and for the people. Every woman must be educated up to the fact that it is her individual problem to make the grand total. Saving is what is going to put us through on subsequent loans. It is hoped to arrange for a publicity campaign in the schools, with mass meetings of the children. New England is the first to have separate publicity for the women's campaign.

Chairmen were present as follows: Calcutt county, Mrs. Brock Dunton of Mendon Falls; Chittenden, Mrs. E. H. Reed of Burlington; Essex, Mrs. A. J. Newman of Lunenburg; Franklin, Mrs. E. H. Royce of this city; Lamoille, Mrs. H. A. Slayton of Morrisville; Orange, Mrs. Nelson Bailey of Wells River; Rutland, Mrs. Charles A. Sampson of Rutland; Washington, Mrs. Charles Lowe of Montpelier; Windsor, Mrs. Guy Wilson of Bethel; Mrs. L. J. Hathaway of Middlebury, who was chairman for Addison county during the third loan, represented the county at the conference yesterday. Mrs. Clarence R. White of Burlington, publicity chairman for Chittenden county, came with Mrs. Reed.

DAMAGED RAILROAD PROPERTY. American Air Raiders Scored Some Direct Hits.

With the American Army in Lorraine, Wednesday, Sept. 4.—(By the Associated Press.)—American bombing machines, in their attack on Conflans and Longuyon yesterday, were successful. In Longuyon the raiders dropped 44 bombs and seven direct hits were observed at the east end of the railroad yard, two on a roundhouse and near a shop and two on other buildings. One American machine turned back after dropping its bomb. At Baronecourt four direct hits were observed.

In the Conflans raid more than a thousand kilograms of bombs were bunched on the junction of the Briey-Conflans-Metz railway. The bridge of the former road was destroyed. All of our machines returned safely.
Enemy bombers were active last night in the villages far behind our lines.

ELMER JOHNSON FOR
ATTORNEY-GENERAL

Elmer Johnson, Republican candidate for the office of attorney-general, was born on a farm in Troy, Vt., Feb. 22, 1873. His ancestors were among the early settlers of the state. His grandfather and grandmother Johnson were born in Ludlow, Vt. He was educated in the public schools of Troy and read law in the office of Hon. Frederick W. Baldwin at Barton, Vermont, and was admitted to the bar in October, 1896.

He immediately began the practice of the law at Enosburg Falls, where he remained five years, removing from that village to the city of St. Albans, where he has since lived and practiced his profession.

He was states attorney of Franklin county, 1908-1910, and state senator, 1912-1914.

In 1894 he married Miss Sarah Reynolds of Lowell, Vt., and they have one son, Philip, now serving in the United States navy.

"His task is a perfectly plain one, and it is to enforce the law impartially and without fear. This The Messenger believes Mr. Johnson would be anxious and capable of doing if elected to the office to which he now aspires. He is not the type of man who would compromise with a duty, and he is of the type of office holder which the welfare of the state demands. His personal life is above reproach and he holds the respect of those who know him."—St. Albans Daily Messenger, July 31, 1918.

NO POLITICS, PAPER FOR SALE.

Oscar Price, Assistant to McAdoo, Declines Would Be Violation of Order.

Washington, D. C., Sept. 5.—The first person affected by Director General McAdoo's order forbidding railroad employees or officers participating in partisan politics was Oscar A. Price, assistant to the director general. Mr. Price owns the Ronceverte (West Virginia) Times, an ardently Democratic weekly newspaper in Greenbrier county. He decided it would violate director general's order to retain a partisan newspaper and now the Times is for sale. More than a score of inquiries reached the railroad administration from railroad men who are candidates for local and state positions, ranging from city council to lieutenant governor. All were told that if they decided to continue their candidacy they must resign their railroad positions.

Economize in Clothes

IT HELPS YOU AND
THE MEN WHO FIGHT

If you were a military man directing a march, you'd have a well-worked-out plan of action. You would know the "lay of the land," the roads that were best, and all that sort of thing.

But, being a business man, you have a different kind of plan. You watch expenses carefully and buy wisely and economically, so that the men who direct our marches won't be hampered by a shortage of food or clothing.

Now we aren't military experts—but we do understand values in clothes. We know when we sell a good suit we help you, and we help our country. That is why we recommend

AN ADDED FEATURE.

For Convocation of Congregational Ministers at Middlebury.

The program committee for the convocation of Congregational ministers at Middlebury next week have announced an addition of the first importance to the list of speakers. Hamilton Holt, editor of the "Independent" and a vice-president of the League to Enforce Peace, has been secured to speak on Thursday evening, Sept. 12, about his four months' visit among the allies and their leaders and along the western front. This address will be given in the Congregational church at Middlebury, and the general public is especially invited. A similar invitation is given to the address by Dr. Silas E. Pearson on Wednesday evening, Sept. 11, on "Regenerating a Community." It is expected that the fact that registration day comes in the midst of the convocation will not interfere with the attendance of ministers concerned, since it will be possible to register before they leave home on Tuesday by special arrangement with their town or city clerks.

South Hero's tag day on Monday brought in \$300 for the Red Cross.

Cut the Cost of Mileage

When you see a car puffing and panting up steep hills and over rough roads when it really ought to move along as easily and as steadily as a brook glides in its course—blame it on inferior gasoline.

The use of poor gasoline, whether for limousine, touring car, roadster or motor truck, is always extravagant waste.

In these days there is no excuse for such waste. Buy high mileage and full power. Buy SO-CO-NY Motor Gasoline.

SO-CO-NY is the surest economy. It means more miles per gallon. It is clean—powerful—quick-starting—reliable.

Look for the Red, White and Blue SO-CO-NY Sign. SO-CO-NY means saving wisely. It cuts the cost of mileage.
